

## User Buckets

User Buckets allow staff to batch delete and make batch modifications to user accounts in Evergreen. Batch modifications can be made to selected fields in the patron account:

- Home Library
- Profile Group
- Network Access Level
- Barred flag
- Active flag
- Juvenile flag
- Privilege Expiration Date
- Statistical Categories

Batch modifications and deletions can be rolled back or reversed, with the exception of batch changes to statistical categories. Batch changes made in User Buckets will not activate any Action/Trigger event definitions that would normally be activated when editing an individual account.

User accounts can be added to User Buckets by scanning individual user barcodes or by uploading a file of user barcodes directly in the User Bucket interface. They can also be added to a User Bucket from the Patron Search screen. Batch changes and batch edit sets are tied to the User Bucket itself, not to the login of the bucket owner.

### Create a User Bucket

#### To add users to a bucket via the Patron Search screen:

1. Go to **Search->Search for Patrons**.
2. Enter your search and select the users you want to add to the user bucket by checking the box next to each user row. You can also hold down the CTRL or SHIFT on your keyboard and select multiple users.
3. Click **Add to Bucket** and select an existing bucket from the drop down menu or click **New Bucket** to create a new user bucket.
  - a. If creating a new user bucket, a dialog box called *Create Bucket* will appear where you can enter a bucket *Name* and *Description* and indicate if the bucket is *Staff Shareable?*. Click **Create Bucket**.
4. After adding users to a bucket, an update will appear at the bottom-right hand corner of the screen that says “Successfully added # users to bucket [Name]”.

### To add users to a bucket by scanning user barcodes in the User Bucket interface:

1. Go to **Circulation->User Buckets** and select the **Pending Users** tab at the top of the screen.
2. Click on **Buckets** and select an existing bucket from the drop down menu or click **New Bucket** to create a new user bucket.
  - a. If creating a new user bucket, a dialog box called *Create Bucket* will appear where you can enter a bucket *Name* and *Description* and indicate if the bucket is *Staff Shareable?*. Click **Create Bucket**.
  - b. After selecting or creating a bucket, the Name, Description, number of items, and creation date of the bucket will appear above the *Scan Card* field.
3. Scan in the barcodes of the users that you want to add to the selected bucket into the *Scan Card* field. Each user account will be added to the Pending Users tab. Hit ENTER

on your keyboard after manually typing in a barcode to add it to the list of Pending Users.

4. Select the user accounts that you want to add to the bucket by checking the box next to each user row or by using the CTRL or SHIFT key on your keyboard to select multiple users.
5. Go to **Actions->Add To Bucket** or right-click on a selected user account to view the **Actions** menu and select **Add To Bucket**. The user accounts will move to the Bucket View tab and are now in the selected User Bucket.

#	Barcode	First Name	Middle Name	Last Name	Home Library
1	99999378730	Robert	Coy	Wade	Example Branch 3
2	99999318240	John	Charles	Graham	Example Branch 4
3	99999343281	Rebecca	Vanessa	Bradley	Example Branch 4
4	99999300523	Shawn	Joseph	Little	Example Branch 4

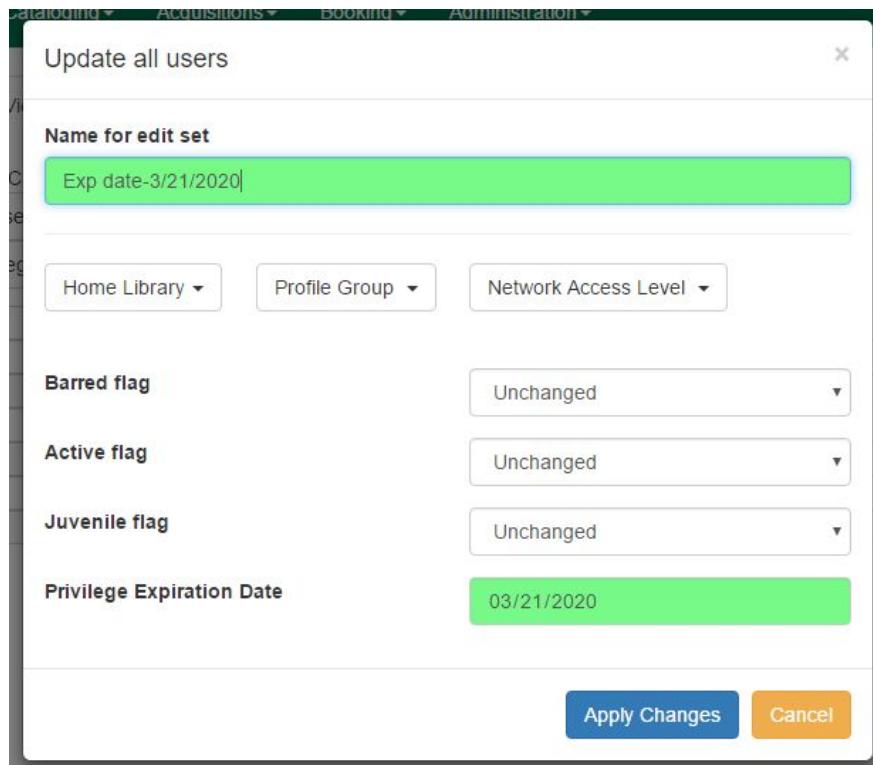

#### To add users to a bucket by uploading a file of user barcodes:

1. Go to **Circulation->User Buckets** and select the **Pending Users** tab at the top of the screen.
2. Click on **Buckets** and select an existing bucket from the drop down menu or click **New Bucket** to create a new user bucket.
  - a. If creating a new user bucket, a dialog box called *Create Bucket* will appear where you can enter a bucket *Name* and *Description* and indicate if the bucket is *Staff Shareable?*. Click **Create Bucket**.
  - b. After selecting or creating a bucket, the Name, Description, number of items, and creation date of the bucket will appear above the *Scan Card* field.
3. In the Pending Users tab, click **Choose File** and select the file of barcodes to be uploaded.
  - a. The file that is uploaded must be a .txt file that contains a single barcode per row.
4. The user accounts will automatically appear in the list of Pending Users.
5. Select the user accounts that you want to add to the bucket by checking the box next to each user row or by using the CTRL or SHIFT key on your keyboard to select multiple users.
6. Go to **Actions->Add To Bucket** or right-click on a selected user account to view the **Actions** menu and select **Add To Bucket**. The user accounts will move to the Bucket View tab and are now in the selected User Bucket.

## Batch Edit All Users

To batch edit all users in a user bucket:

1. Go to **Circulation->User Buckets** and select the **Bucket View** tab.
2. Click **Buckets** and select the bucket you want to modify from the list of existing buckets.
  - a. After selecting a bucket, the Name, Description, number of items, and creation date of the bucket will appear at the top of the screen.
3. Verify the list of users in the bucket and click **Batch edit all users**. A dialog box called *Update all users* will appear where you can select the batch modifications to be made to the user accounts.
4. Assign a *Name for edit set*. This name will allow staff to identify the batch edit for future verification or rollbacks.
5. Set the values that you want to modify. The following fields can be modified in batch:
  - a. Home Library
  - b. Profile Group
  - c. Network Access Level
  - d. Barred flag
  - e. Active flag
  - f. Juvenile flag
  - g. Privilege Expiration Date
6. Click **Apply Changes**. The modification(s) will be applied in batch.

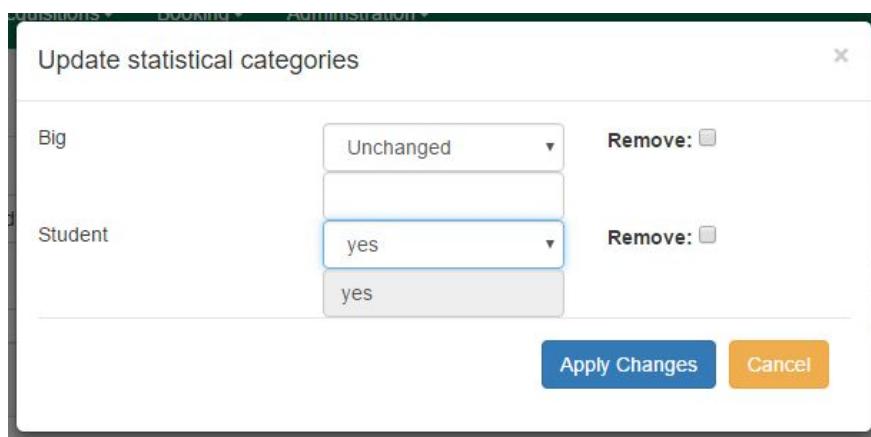

The screenshot shows the 'Update all users' dialog box. At the top, it says 'Update all users'. Below that is a 'Name for edit set' field containing 'Exp date-3/21/2020'. There are three dropdown menus for 'Home Library', 'Profile Group', and 'Network Access Level'. Below these are four dropdown menus for flags: 'Barred flag' (set to 'Unchanged'), 'Active flag' (set to 'Unchanged'), 'Juvenile flag' (set to 'Unchanged'), and 'Privilege Expiration Date' (set to '03/21/2020'). At the bottom are 'Apply Changes' and 'Cancel' buttons.

## Batch Modify Statistical Categories

To batch modify statistical categories for all users in a bucket:

1. Go to **Circulation->User Buckets** and select the **Bucket View** tab.
2. Click **Buckets** and select the bucket you want to modify from the list of existing buckets.
  - a. After selecting a bucket, the Name, Description, number of items, and creation date of the bucket will appear at the top of the screen.
3. Verify the list of users in the bucket and click **Batch modify statistical categories**. A dialog box called *Update statistical categories* will appear where you can select the batch modifications to be made to the user accounts. The existing patron statistical categories will be listed and staff can choose:
  - a. To leave the stat cat value unchanged in the patron accounts.
  - b. To select a new stat cat value for the patron accounts.
  - c. Check the box next to Remove to delete the current stat cat value from the patron accounts.
4. Click **Apply Changes**. The stat cat modification(s) will be applied in batch.

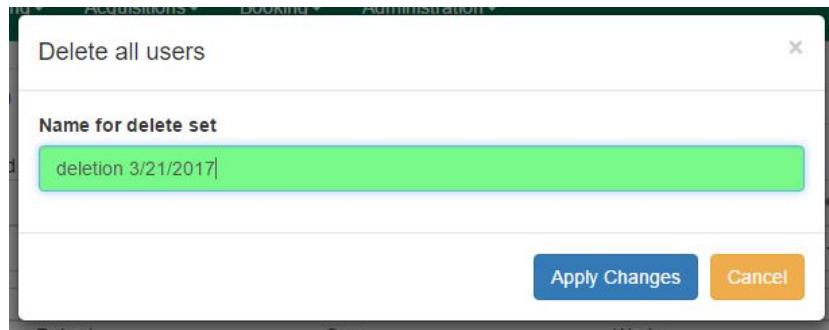

## Batch Delete Users

To batch delete users in a bucket:

1. Go to **Circulation->User Buckets** and select the **Bucket View** tab.
2. Click on **Buckets** and select the bucket you want to modify from the list of existing buckets.
  - a. After selecting a bucket, the Name, Description, number of items, and creation date of the bucket will appear at the top of the screen.
3. Verify the list of users in the bucket and click **Delete all users**. A dialog box called *Delete all users* will appear.
4. Assign a *Name for delete set*. This name will allow staff to identify the batch deletion for future verification or rollbacks.

5. Click **Apply Changes**. All users in the bucket will be marked as deleted.

Note: batch deleting patrons from a user bucket does not use the Purge User functionality, but instead marks the users as deleted.

## View Batch Changes

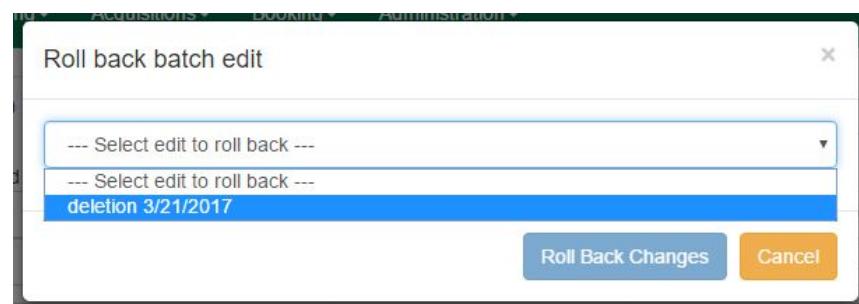

1. The batch changes that have been made to User Buckets can be viewed by going to **Circulation->User Buckets** and selecting the **Bucket View** tab.
2. Click **Buckets** to select an existing bucket.
3. Click **View batch changes**. A dialog box will appear that lists the *Name*, date *Completed*, and date *Rolled back* of any batch changes made to the bucket. There is also an option to *Delete* a batch change. This will remove this batch change from the list of actions that can be rolled back. It will not delete or reverse the batch change.
4. Click **OK** to close the dialog box.

View batch changes		
Name	Completed	Rolled back
Exp date-3/21/2020	Mar 21, 2017	
deletion 3/21/2017	Mar 21, 2017	
		<a href="#">Delete</a> <a href="#">Delete</a>
		<a href="#">OK</a>

## Roll Back Batch Changes

1. Batch Changes and Batch Deletions can be rolled back or reversed by going to **Circulation->User Buckets** and selecting the **Bucket View** tab.
2. Click **Buckets** to select an existing bucket.
3. Click **Roll back batch edit**. A dialog box will appear that contains a drop down menu that lists all batch edits that can be rolled back. Select the batch edit to roll back and click **Roll Back Changes**. The batch change will be reversed and the roll back is recorded under *View batch changes*.

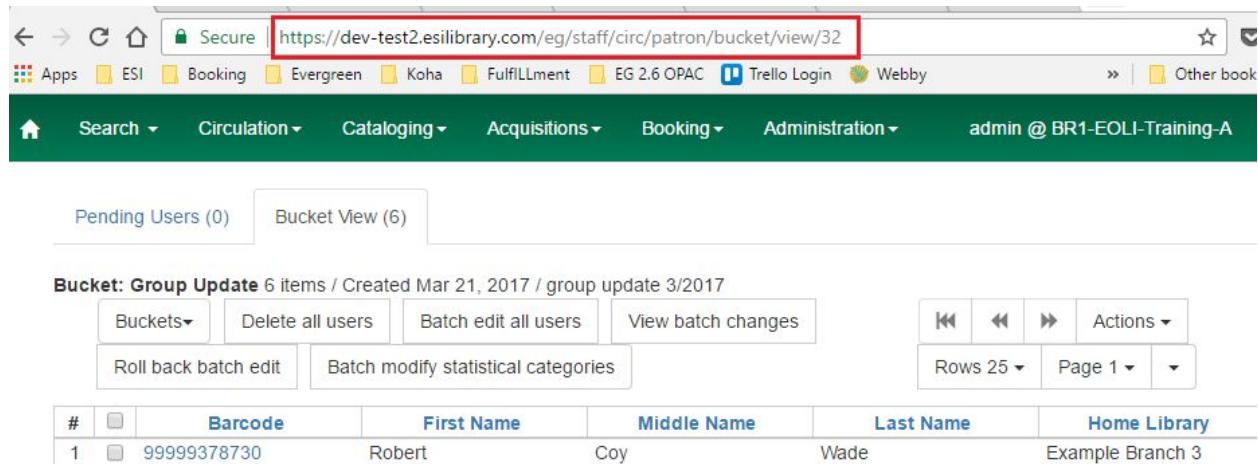

Note: Batch statistical category changes cannot be rolled back.

View batch changes		
Name	Completed	Rolled back
Exp date-3/21/2020	Mar 21, 2017	
deletion 3/21/2017	Mar 21, 2017	Mar 21, 2017
<a href="#">Delete</a> <a href="#">Delete</a>		
<a href="#">OK</a>		

## Sharing Buckets

If a User Bucket has been made Staff Shareable, it can be retrieved via bucket ID by another staff account. The ID for each bucket can be found at the end of the URL for the bucket. For example, in the screenshot below, the bucket ID is 32.

The screenshot shows a web browser window for the URL <https://dev-test2.esilibrary.com/eg/staff/circ/patron/bucket/view/32>. The page title is "Bucket: Group Update 6 items / Created Mar 21, 2017 / group update 3/2017". The main content area displays a table with one row of data:

#	Barcode	First Name	Middle Name	Last Name	Home Library
1	99999378730	Robert	Coy	Wade	Example Branch 3

A shared bucket can be retrieved by going to **Circulation->User Buckets** and selecting the **Bucket View** tab. Next, click **Buckets** and select **Shared Bucket**. A dialog box called *Load Shared Bucket by Bucket ID* will appear. Enter the ID of the bucket you wish to retrieve and click **Load Bucket**. The shared bucket will load in the Bucket View tab.

## Permissions:

All permissions must be granted at the organizational unit that the workstation is registered to or higher and are checked against the users' Home Library at when a batch modification or deletion is executed.

### Permissions for Batch Edits:

- To batch edit a user bucket, staff accounts must have the `VIEW_USER`, `UPDATE_USER`, and `CONTAINER_BATCH_UPDATE` permissions for all users in the bucket.
- To make a batch changes to Profile Group, staff accounts must have the appropriate group application permissions for the profile groups.
- To make batch changes to the Home Library, staff accounts must have the `UPDATE_USER` permission at both the old and new Home Library.
- To make batch changes to the Barred Flag, staff accounts must have the appropriate `BAR_PATRON` or `UNBAR_PATRON` permission.

### Permissions for Batch Deletion:

- To batch delete users in a user bucket, staff accounts must have the `UPDATE_USER` and `DELETE_USER` permissions for all users in the bucket.
