Missouri Evergreen

Mission

The Missouri Evergreen Consortium (ME) brings together Missouri Public Libraries to strengthen and promote excellent library services to our member libraries and Missouri citizens. The Consortium helps realize the potential of member libraries through cost-effective resource sharing, cost savings, and member collaboration.

Four libraries founded Missouri Evergreen in the spring of 2012. In the 8 years since that time, the consortium has grown to include 52 libraries.

Member libraries share a cloud-hosted integrated library system (ILS) called Evergreen, which is open source software. This allows patrons and staff at member libraries to request books from other member libraries as though they are two branches of the same library system. The Missouri State Library uses LSTA funding via a contract with Equinox to provide technical support for this system.

By the Numbers

Missouri Evergreen

1.5 million bibliographic records
3.5 million items
776,780 patrons

Registered Borrowers

Missouri Evergreen	776,780
St. Louis County Library	650,497*
Mid-Continent Public Library	490,323*
Kansas City Public Library	160,786*

Total Collection

Missouri Evergreen	3,460,767
St. Louis Public Library	2,774,276*
Mid-Continent Public Library	2,599,130*
Saint Louis County Library	1,260,900*

Missouri Evergreen demonstrates that patron-initiated requests via the Evergreen system can serve a larger population than traditional interlibrary loan.

People Respond To **Resource Sharing**

"I love that we can put items on hold from other libraries! I have done [Missouri Evergreen] interlibrary loans for myself multiple times because it is so simple and easy to use."

Patron from Doniphan-Ripley County Library

"Missouri Evergreen is a tremendous asset to libraries across the state. We're proud to help provide this service to Missourians."

*Missouri Secretary of State
Jay Ashcroft*

"Every time I look in the library's catalog, it's like Christmas!"

Patron from Poplar Bluff Municipal Library

"I love it. It opens up so much more information to patrons. I am always excited to search for authors I read knowing I have a much better chance of finding them available. It was a wonderful decision."

Patron from Webster County Library

Cloud Hosted Evergreen ILS

Powerful and Intuitive

Experience peace of mind with a hosted ILS

Sequoia, supported by Equinix, is a cloud-based automation services platform that hosts Missouri Evergreen's ILS. It's designed to provide **zero downtime**, with **hassle free 3rd party integration** and to meet your library's **data security needs**. The system is designed to grow seamlessly to meet the needs of a growing consortium all while delivering **reliable performance**.

Missouri Evergreen data is **constantly backed up and archived** on- and off-site so **data can be recovered any time**. The system is **monitored and supported 24/7**.

Sequoia is supported by the Equinix Support Team, many of who are degreed librarians. The company was founded by the original developers and designers of the Evergreen ILS, one of the first open source integrated library systems available.
