

Checking the Transit List

The Transit List should be checked weekly to keep on top of items that have gone missing in the courier or have been shelved without being checked in.

1. The Transit List is found in Administration > Local Administration > Transit List

The Transit List can be set to search for items in transit TO your library/branch and in transit FROM your library branch. It is recommended that your Start Date is the date of your migration and the End Date is four weeks before the date the report is run. The End Date may vary based on factors such as weather, holidays, number of courier days, etc.

Transit List

Transits To Transits From

Library:

Start Date:

End Date:

#	<input type="checkbox"/>	Barcode	Title	Call Number Label	Source Library	Destination Libr:	Send Date/Time	Hold Type	Request Date/Tir	Patron Barcode
1	<input type="checkbox"/>	00022052248...	Mr. Lemoncell...	J GRA 2016	CASS-HA	CASS-NRC	1/14/2025 5:1...			
2	<input type="checkbox"/>	00022058280...	The missing pi...	J ANS 2019	CASS-PH	CASS-NRC	1/17/2025 8:1...			

Verify that your branch is showing in the Library field, or choose it from the dropdown menu. By default, the list will be sorted by the date the transit began. To facilitate searching your library for the items, sort the search results by clicking your preferred column header (Barcode, Call number, etc.). Print by choosing Print Full Grid from the column picker.

- Check your library to see if you can locate the items. Check in found items to trigger a status update. Contact other MEC libraries if necessary.
- Items in route to your branch will be coming to either fill a hold or be reshelved. A replacement hold will need to be placed for patrons with items that were intended to fill a hold.
 - Items coming to fill a hold will display the requesting patron's barcode. Use the Column Picker to add this column if necessary.

- Copy and paste each patron barcode into Check Out to retrieve the patron's record. Place a new hold if the account still shows a hold request for the title. After placing the new hold, edit the Request Date so the patron doesn't lose their place in the queue. Then, cancel the old hold.
- To Edit the Request Date, select the new hold and use the Actions menu to select Edit Hold Dates. Click on the calendar widget to Edit the Hold Request Date to match the original Request Date.

4. From the Transit List screen, click the box in front of your library's unfound items, then click on Add Items to Bucket.

The screenshot shows the 'Transit List' interface. At the top, there are radio buttons for 'Transits To' (selected) and 'Transits From'. Below that is a 'Library:' field containing 'CASS-NRC'. There are 'Start Date:' and 'End Date:' fields with calendar icons, showing '01/01/2024' and '12/01/2024' respectively. A red arrow points to the 'Add Items to Bucket' button. Other buttons include 'Edit Item Attributes', 'Cancel Transit', 'Print Transits', and a settings gear icon. A table below shows transit items with columns for #, Barcode, Title, Source Library, Destination Library, Send Date/Time, Call Number, and Hold Type.

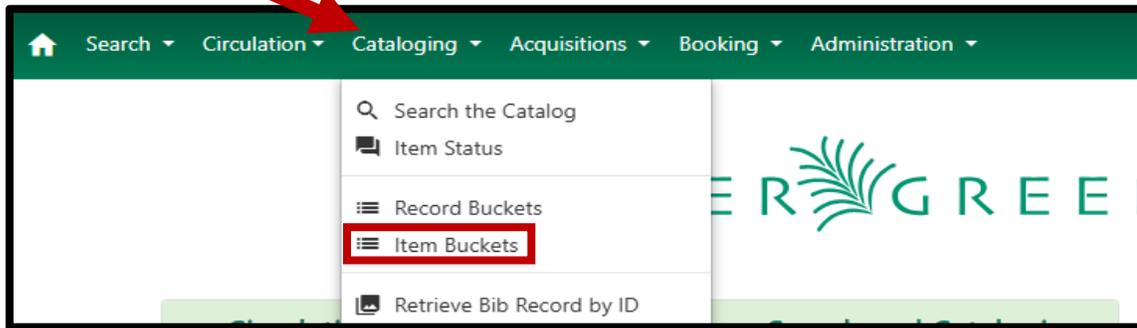

#	<input checked="" type="checkbox"/>	Barcode	Title	Source Library	Destination Library	Send Date/Time	Call Number	Sort	Hold Type
1	<input checked="" type="checkbox"/>	00022063000...	Pokemon the ...	CASS-ADM	CASS-NRC	3/13/2024 11:0...	J DVD POK 2...		
2	<input checked="" type="checkbox"/>	00022056694...	Mayo Clinic on...	CASS-HA	CASS-NRC	11/8/2024 8:17...	616.831 GRA ...

5. The Add to Bucket popup box will appear. Select an existing bucket or create a new bucket. Then click Add to Selected Bucket or Add to New Bucket.

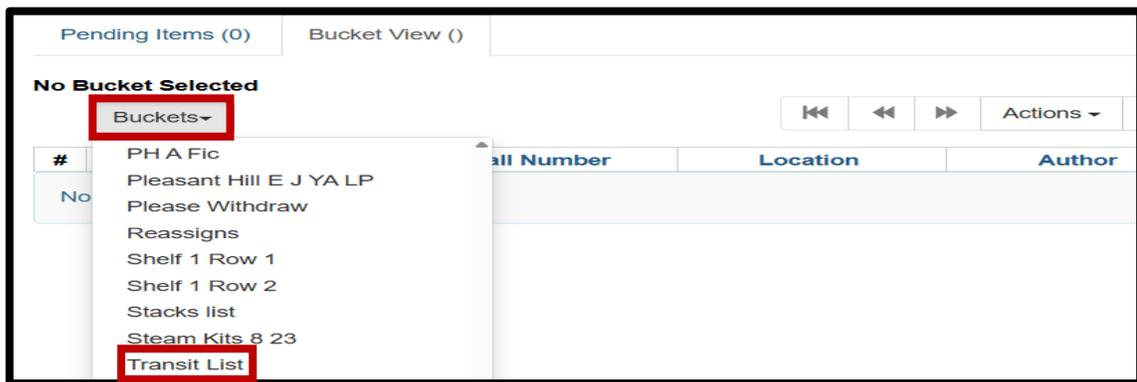

The screenshot shows the 'Add to Bucket' popup box. It has a close button (X) in the top right corner. There are two sections: 'Name of Existing Bucket' with a dropdown menu and an 'Add to Selected Bucket' button; and 'Name for New Bucket' with a text input field containing 'Transit List' and an 'Add to New Bucket' button. A 'Cancel' button is at the bottom right. A red arrow points to the 'Add to Selected Bucket' button.

6. Repeat steps 1-4 for items in transit FROM your library. Now all your unfound items will be in the selected item bucket.

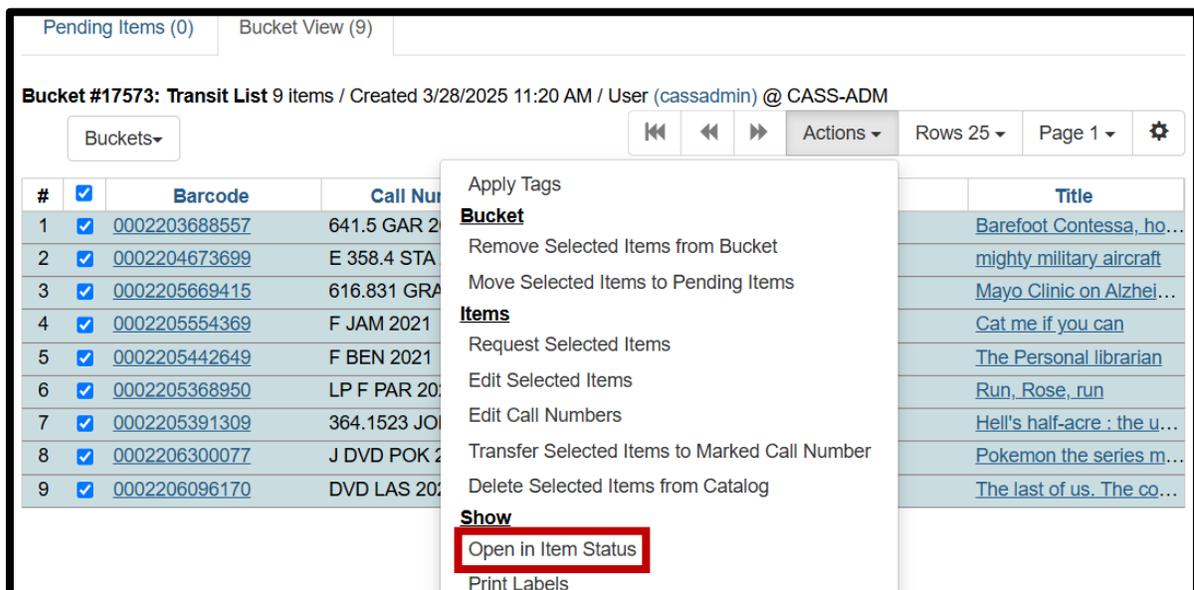

7. To mark your unfound items Missing and Cancel Transits, click on Cataloging > Item Buckets.

Click on Buckets and select your desired bucket.

8. From the Actions menu select Open in Item Status.

- This opens the list on the Item Status screen. Select all unfound items, then click Mark Item as Missing.

The screenshot shows the 'Scan Item' interface. At the top, there is a search bar with a 'Submit' button and a 'Choose File' button. Below this is the 'Item Status' section, which includes a table with columns for '#', 'Barcode', 'Title', and 'Call'. A context menu is open over the table, showing options like 'Print Labels', 'Originating Acquisition', 'Mark', 'Item as Damaged', 'Item as Discard/Weed', and 'Item as Missing'. The 'Item as Missing' option is highlighted with a red box. To the right of the table, there are columns for 'Circulation L' and 'Remaining R'.

#	Barcode	Title	Call	Circulation L	Remaining R
1	00022060...	The last of...	DV	CASS-GC	1
2	00022054...	The Perso...	F B	CASS-HA	3
3	00022046...	mighty mili...	E 3	CASS-NR...	3
4	00022055...	Cat me if y...	F J	CASS-HA	3

Clicking OK/CONTINUE on each popup will cancel the transit and change the item status to Missing.

To complete the procedure, click on Remove Selected Items from Bucket.

The screenshot shows the 'Bucket View' interface. At the top, there are tabs for 'Pending Items (0)' and 'Bucket View (13)'. Below this is the 'Bucket #17573: Transit List' section, which includes a table with columns for '#', 'Barcode', and 'Call'. A context menu is open over the table, showing options like 'Apply Tags', 'Bucket', 'Remove Selected Items from Bucket', 'Move Selected Items to Pending Items', and 'Items'. The 'Remove Selected Items from Bucket' option is highlighted with a red box. To the right of the table, there are columns for 'Title' and 'Items'.
